

**ICOMAM MAGAZINE June 2021**

We will publish the next issue of the ICOMAM Magazine in June this year and are now requesting material for inclusion.

Articles in the magazine are an easy and effective way to spread the word about what is happening at your institution and share your experience with colleagues around the world. You don't need to be an ICOMAM member to submit something, and you probably have at least some recent promotional notices on exhibitions or events that you might like us to know about. Articles on new exhibitions, galleries, new acquisitions, publications, events and people are all very welcome as are short articles. There is no required length—notices typically run to about 500-1000 words, articles up to 2000, but shorter or longer is fine as well. Illustrations are highly encouraged.

The deadline for submission is **1 May 2021** but please contact us before then if at all possible.
