

FOLK COSTUME HERITAGE FROM UKRAINE

A SELECTION FROM THE MUSEUMS
AND COLLECTIONS IN BUDAPEST,
KRAKOW, KULA, MARSEILLE AND
TORONTO.

The selected pieces of clothing from Ukrainian folk culture presented in the virtual exhibition reflect the creativity, the excellence and the richness of the culture at the Eastern border of Continental Europe. Work done by curators, ethnographers, photographers and painters to collect, save and document these items since the end of the 19th century is giving tribute to Folk Dress Heritage.
