and cultural action

The Special Interest Group (SIG) “Universal Accessibility, the Inclusive Museum” of ICOM CECA is organizing a new series of online exchanges.

🤗 For this new edition, the SIG aims to make the poster “Museum for everyone!” accessible to individuals with intellectual disabilities while incorporating inclusion criteria. This collective effort will also be an opportunity for all of us to develop skills and an appropriate methodology to make other tools and devices accessible.

📅 Six sessions are scheduled from January to July 2024, requiring participants’ commitment for this project to be realized collectively. ⚠️!!!

🕒 5:30-6:30 pm (CET)

🗣️ The SIG will adapt to a language understood by everyone (English or French).
