April 5-6
2025

HOUSE MUSEUMS OF MEMORY AND PERSONAGES

INTERNATIONAL HOUSE MUSEUM DAYS

Mark your calendars – the **First International House Museum Days** will be launched on **5-6 April 2025!** This collaborative initiative led by the Italian National Association of Houses of Memory with ICOM-DEMIST and ICOM-ICLCM (International Committee of Literary and Composers' Museums) will provide the framework for a global focus on Historic House Museums.

These are your days! You chose the activities – tours, concerts, workshops for children and adults etc. – **Once you have planned your programming, please fill out the form on [our website](#) by March 20 at the latest and send it to our Secretary**, so we can add your house to the list of participating International Days houses. We aim to create a blossoming of events on these days across the world, all linked under the title of the event and using common

title and graphics that we will send to every participating museum.

Remember – this is YOUR event, the more houses that take part, the more of an impact we will make!

For more information and press release documents in English, French, Spanish and Italian, please go to the dedicated page on [our website](#).
