

ICR ICOM
international
committee for
regional museums

SEPT. 21-24, 2026
POST-CONFERENCE EXCURSION SEPT. 25-27, 2026

NO Save the Date | ICOM–ICR International Conference 2026

We are pleased to share that the ICOM International Committee for Regional Museums (ICR) will gather in **Kristiansand and Arendal, Norway**

21–24 September 2026 (with an optional post-conference tour in Setesdal, 25–27 September)

Hosted by Agder County, this conference will bring together colleagues from across the world in a region where coastal heritage, industrial history, maritime culture, and living traditions intersect. Our tentative program includes visits to the Kuntsilo, Vest-Agder-Museet, KUBEN, Kløckers Hus, Merdøgaard, Bratteklev Shipyard, Næs Jernverksmuseum, and more.

Full details — including theme, registration, accommodation information, call for papers, travel grants, and the complete program — will be announced in the coming months.

For now, mark your calendars and begin planning your journey to southern Norway. We look forward to welcoming the global ICR community in September 2026.
